

PRODUCT PROGRAMM

As full-service provider in the field of vehicle care we are specialized to provide customer-oriented care concepts.

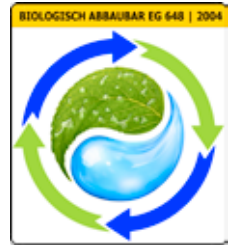

Product quality – Environmental awareness – Customer service

These key words have accompanied us since half a century and have grown with us. Now, as then, we follow the current status of worldwide research and development to ensure highest standard for our customers.

Our powerful X-CLEAN products fulfill the highest demands with regards to concentration, environmental compatibility and dosing. We base our development of product quality upon ecological and economical values, therefore enabling low operating expenses and optimal health protection for your employees.

With glossy regards

Heinz Peter Fiszter
General Manager / CEO

Talk to us

We are here for you - we are available – we like talking to you. Suggestions and wishes are not seen as criticism but as assistance for a continuous development of our products and service procedures.

X-CLEAN Carwash Profis

Together with car wash manufacturers:

We work in close contact with the leading car wash manufacturers. An efficient development of our products is based upon the close collaboration with industry-specific companies to meet the needs of our customers with certified quality.

Service water processing:

Highly qualified and competent application technicians are available nationwide for initial installation service, ensure perfect economic efficiency in the car wash system and give targeted expert advice for application- and wastewater technology.

Insects & Pre-cleaner Ultra

Rich, alkaline pre-cleaning concentrate with special surfactant combinations. Developed for application in car wash systems as well as for manual prewash in used-vehicle treatment, or in spraying units. Fast and gentle dissolving of dirt such as: insect, oil, grease, fuel and pigment dirt. With vaporizing inhibitors. Suited for use in recycling systems.

Art.Nr. 4414 - 10 L | 4403 - 25 L

D I Cleaner

Dirt and Intensive Cleaner with anti-dirt formula. Ideally suited as carwash pre-cleaner. The new powerful substance-formula creates an "easy to clean effect". High concentrated, economical consumption, environmentally friendly and easily separable. Fast and reliable dissolving of dirt such as: insect, oil, grease, fuel and pigment dirt. Gentle to paint and material. Environmentally friendly and easily separable.

Art.Nr. 4418 - 10 L | 4119 - 25 L

Dirt Remover

Dirt remover is an alkaline prewash concentrate with special active substances. Developed for application in car wash systems as well as for manual prewash in used-vehicle treatment. Fast and gentle dissolving of dirt such as: insect, oil, grease, fuel and pigment dirt. Ideally suited for use in recycling systems.

Art.Nr. 0117 - 25 L

Express Power Foam

High foaming cleaning concentrate with economical consumption for use in gantry systems, car wash plants and self-service jet wash systems. With refreshing fragrance management. Its special ingredients allow a fast and intensive dissolving of dirt and grease. Supports a perfect deep gloss effect. Ideally suited for use in recycling systems. Environmentally friendly and easily separable.

Art.Nr. 0375 - 25 L

Easy Foam

Concentrated foam cleaner with material preserving features for gantry systems, car wash plants and self-service jet wash systems. With refreshing fragrance. Special substances are affecting a quick and intensive dissolving of dirt on all smooth vehicle surfaces and materials. Supports a perfect deep gloss effect. Well suited for use in recycling systems.

Art.Nr. 0380 - 25 L

Active Power Foam

Active power foam convinces with impressive foaming and intensive fragrance experience. Especially designed for use in high pressure foam systems at self-service jet wash plants. Supports an effective and efficient cleaning performance, creates a fine-pored and very consistent foam, reliably removes insects, soot, micro-dust and environmental dirt. Foam active at all levels of water hardness, absolutely material friendly and free of NTA and phosphate. Ideally suited for biological water treatment systems.

Art.Nr. 4390 - 25 L

Carwash Shampoo 730

Intensive cleaning shampoo with economical consumption for use in gantry systems and car wash plants. Also applicable for manual wet scrubbing. With refreshing fragrance. Gliding features support a material friendly cleaning. Selected combinations of substances are affecting a quick and intensive dissolving of dirt on all smooth surfaces and materials. Suitable for all kinds of brush materials. Supports a perfect deep gloss effect. Ideally suited for use in recycling systems.

Art.Nr. 0244 - 25 L

Acidovan / Acid Shampoo

Acidovan is a powerful acid based cleaning shampoo for use in gantry systems, car wash plants, and self-service jet wash systems, also suitable for manual wet-scrubbing. Its gliding qualities on paint surface allows a very gentle cleaning. Selected surfactant combinations are affecting a quick and intensive dissolving of dirt on all smooth surfaces and materials. Suitable for all kinds of brush materials. Prepares the vehicle for an ideal drying result.

Art.Nr. 4140 - 25 L

Gloss Shampoo

Gloss shampoo is a cleaning shampoo for gantry systems, car wash plants and self-service jet wash systems. With refreshing fragrance. Contains slip additives for material friendly cleaning. This ideal formula affects a quick and intensive dissolving of dirt on all smooth surfaces and materials. Suitable for all kinds of brush materials. Supports a perfect deep gloss effect. Ideally suited for use in all common recycling systems.

Art.Nr. 0240 - 25 L

Rim Cleaner

Powerful acid based rim cleaner for effective cleaning and value preservation of all painted alloy and steel rims. Dissolves fast and dependable also toughest residues of grease, oil and brake dust as well as environmental dirt. With a maximum surface protection the rims immediately receive a look as good as new. Extremely effective and easily applicable. In compliance with the initial conditions it is suited for use in biological treatment systems.

Art.Nr. 4813 - 10 L | 4808 - 25L

Pearl gloss dryer

Special drying agent with economical consumption for use in gantry systems, car wash plants and self-service jet wash systems. Raw materials of high quality ensure a drying free of micro beads with innovative gloss effect. Selected care components seal the paint surface and therefore protect from atmospheric influences. Suitable for all kinds of brush materials. Supports a perfect deep gloss effect. Ideally suited for use in recycling systems.

Art.Nr. 0630 - 25 L

Pearl Wax

Perl Wax is a paint-care preservative with economical consumption for use in gantry systems, car wash plants and self-service jet wash systems. Selected care components seal the paint surface and therefore protect from atmospheric influences. Suitable for all kinds of brush materials. Supports a perfect deep gloss effect. Ideally suited for use in recycling systems.

Art.Nr. 0639 - 25 L

Power Wax

Intensive and high concentrated special preserver with economical consumption for use in gantry systems, car wash plants and self-service jet wash systems. Raw materials of high quality ensure drying free of micro beads with innovative gloss effect. Selected care components seal the paint surface and therefore protect from atmospheric influences. Suitable for all kinds of brush materials. Supports a perfect deep gloss effect. Ideally suited for use in recycling systems.

Art.Nr. 0648 - 25 L

Ultra Magic

Innovative high-tech preservation dryer which breaks the water film extremely fast, causing a drying result free of micro-pearls. Highly complex active components ensure a high gloss protective layer, paint refreshing care components a long-term deep gloss effect. Applicable as hot wax, cold wax and foam wax. Ideally even at high conductivity of service water and hard water. Particularly suited for biological and all common water treatment systems.

PRO Tex

Water- and polymer based caring paint preserver. Mild surfactants and polymers provide an excellent cleaning and caring result. In textile plants or car wash plants PRO Tex is applied with a foam generator in the first station after cleaning. The car foam is then rubbed in by textile rollers and afterwards rinsed with fresh water. Subsequently the polished surface is dried by drying agents. Creates a glossy care film with water repellent effect. With Easy-to-clean effect.

Art.Nr. 0428 - 25 L

Ultra Shine

Acrylic special foam polish in extremely high concentration. In continuous use, Ultra Shine creates an extraordinary deep gloss and a permanent paint care protection. The use of Ultra Shine generates a paint-resistance against renewed soiling and provides an Easy-to-Clean effect. Ultra Shine preserves the paint and reduces the paint surface to fade. With every wash Ultra Shine creates a perfect deep gloss effect.

Art.Nr. 0778 - 10 L | 0777 - 25 L

Ultra Protector

Innovative high-end micro foam polish with long-term surface preservation and repair effect. The polymers contained in the formula ensure a repair effect of micro scratches on the paint. Free of mineral oil. The containing micro waxes and preserving cross-linking micro polymers achieve a lotus effect. For use in all car wash plants and gantry systems with foam nozzles or foam generators. Care components ensure a long-term deep gloss effect.

Art.Nr. 0691 - 10 L | 0690 - 25 L

Starline Trockner

Gloss enhancing drying agent with economical consumption for use in gantry systems, car wash plants and self-service jet wash systems. Raw materials of high quality ensure a drying free of micro-beads with innovative gloss effect. Selected care components seal the paint surface and therefore protect from atmospheric influences. Suitable for all kinds of brush materials. Supports a perfect deep gloss effect. Ideally suited for use in recycling systems.

Art.Nr. 0650 - 25 L

Perfect Star

High performance care components with economical consumption for use in gantry systems, car wash plants and self-service jet wash systems. Raw materials of high quality ensure a drying free of micro pearls with innovative gloss retention. Selected care components seal the paint surface and therefore protect from atmospheric influences. Suitable for all kinds of brush materials. Supports a perfect deep gloss effect. Ideally suited for use in recycling systems.

Art.Nr. 0660 - 25 L

Wax Max / Wax Max CHERRY

Caring wax sealing with economical consumption for use in gantry systems, car wash plants and self-service jet wash systems. Raw materials of high quality ensure a drying free of micro beads with innovative gloss effect. Selected care components seal the paint surface and therefore protect from atmospheric influences. Suitable for all kinds of brush materials. Supports a perfect deep gloss effect. Ideally suited for use in recycling systems. Alternatively with cherry scent.

Art.Nr. 4655 - 25 L | 4656 - 25 L Cherry

Aqua Fit

Aqua Fit acts reliable against unpleasant odor in recycling water and effluent water treatment units. Significantly reduces sludge formation. Improves the water quality by reduction of the chemical and biological oxygen demand (CSB / BSB).

Art.Nr. 04152 - 25 kg

Aqua Flock

Aqua Flock is a highly effective flocculant for domestic water. Due to its special salt combination Aqua Flock provides a faster sedimentation of dirt particles in domestic water. Therefore the domestic water is faster reusable with consistent water quality.

Art.Nr. 04132 - 25 L

PH-Regulator alkaline

Used to regulate pH-value in recycling- and domestic water. PH Regulator alkaline is mainly applied to regulate the pH-value (here rising of the pH-value) of recycling- and domestic water. Non-foaming, economical use due to very high concentration, environmentally friendly and easily separable.

Art.Nr. 04130 - 25 L

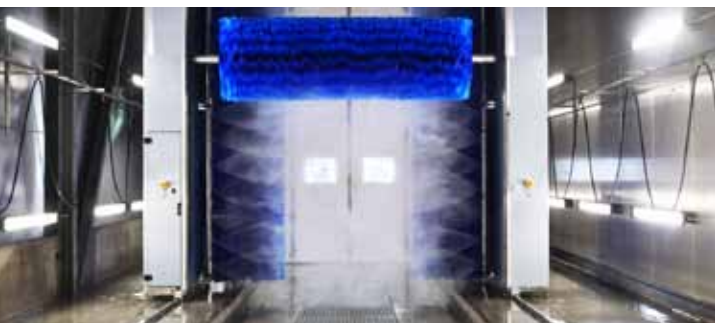

Fragrance concentrate Lemon

To individually scent detergents. With compound action. Removes bad odor, has a deodorizing effect, provides a pleasant fresh fragrance.

Art.Nr. 0157 - 10 L

Betox 33

Betox 33 removes limescale and cement residues of concrete supplying vehicles, concrete moldings, etc. Betox 33 is ideally suited to remove limescale and cement residues! Removes mineral sediments, rust as well as algae of iron- and boiler systems and water fountains. Thoroughly descales cooling systems, lines, cooling coils, sanitary units and devices. He removes urine scale of urinals and toilets.

Art.Nr. 4933 - 25 L

Betox 33 FORTE

Betox 33 Forte removes limescale and cement residues of concrete supplying vehicles, concrete moldings, etc. Betox 33 is ideally suited to remove limescale and cement residues! Removes mineral sediments, rust as well as algae of iron- and boiler systems and water fountains. Thoroughly descales cooling systems, lines, cooling coils, sanitary units and devices. He removes urine scale of urinals and toilets.

Art.Nr. 4934 - 25 L

Sanitary cleaner Lotos

Highly active sanitary cleaner with water repelling effect. Removes inorganic and mineral deposits and is ideally suited for chrome and stainless steel. Highly effective and free of hydrochloric acid. Sanitary cleaner Lotos is a highly active cleaner to remove persistent soiling such as boiler and urine scale, limescale, cement residues, soap, rust as well as greasy dirt. He is suited for the cleaning of chrome, Nirosta, stainless steel, brass, faucets, shower heads, sinks, shower cabins, tiles and porcelain.

Art.Nr. 4922 - 10 L | 4923 - 25 L

K.B.R. Dissolver

Liquid, viscous, powerful acid based special cleaner without harmful sulphuric acid. Dissolves persistent soiling such as limescale, urine scale, boiler scale, rust, crusts of cement and concrete. Suited to clean all acid-resistant materials such as tiles, porcelain, stoneware and toilet bowls. According to concentration and exposure time, it can dissolve cement, lime, mineral contaminations, industry- and oil soiling, oxide and soot films. Contains active acid for a thorough deep cleaning and grease removal at an optimal surface protection.

Art.Nr. 4928 - 10 L | 4929 - 25 L

W.S.F. 300

Alkaline cleaner to effectively remove oil, grease, wax and pigment dirt. Especially suited to clean heavy soiled workshop floors and lanes at the petrol pump area, without affecting the joints. Ideally suited as wax-remover in wash halls if extreme layers of wax, from silicone-containing dryers, exist. Even persistent soiling can be removed easily with complying concentration and exposure time. t.

Art.Nr. 4941 - 10 L | 4942 - 25 L

Special Cleaner acidic

Liquid, powerful-acidic special cleaner with targeted active acids or special acidic combinations. Ideally suited to remove limescale, urine scale, boiler scale, rust, cement and crusts of concrete. Cleans all materials that are acid-resistant materials such as tiles, porcelain, stoneware, sinks and toilet bowls. According to concentration and exposure time, it can even dissolve strong cement layers and crusts of concrete.

Art.Nr. 4944 - 25 L

For all X-Clean liquid products, we supply the optimum container size at the request of our customers.

Nufa Power Cleaner

Alkaline, liquid foam cleaner for effective dissolving of oil, grease, waxes and pigment dirt, for universal use. Nufa Power Cleaner is suited for use in HD-device, pressure sprayer or manual cleaning. Biodegradable and free of hydrocarbons. Nufa Power Cleaner is not suited for alkali-sensitive surfaces such as aluminium, zinc, cadmium, high gloss paint and sensitive synthetics.

Art.Nr. 4960 - 25 L | 4957 - 200 L

Nufa Clean

Nufa Clean is a liquid, concentrated foam cleaner for universal use. Applicable in pressure sprayer or HD device, as well as for manual wash. Nufa Clean has a dirt-dissolving active substance formula with micro-foam from an environmental friendly surfactant combination with anti-limescale. Foam active even with hard water. Removes environmental dirt, smog, oil and grease as well as insects. Removes micro-dust off tarpaulins, paint, containers and synthetics.

Art.Nr. 4145 - 25 L | 4146 - 200 L

Welsaclean HF I Ultra

Welsaclean HF I Ultra is a highly alkaline, liquid foam cleaner for effective dissolving of oil, grease, waxes and pigment dirt, for universal use. Suited for use in HD-device, pressure sprayer or manual cleaning. Biodegradable and free of hydrocarbons. Welsaclean HF I Ultra is not suited for alkali-sensitive surfaces such as aluminium, zinc, cadmium, high gloss paint and sensitive synthetics.

Art.Nr. 4120 - 25 L | 24120 - 200 L

Welsaclean Basic

Welsaclean Basic is a mild, alkaline surfactant cleaner, which reliably removes eventual dirt of solid surfaces. Contains a high cleaning power and removes dirt residues such as oil, grease, dust, soot, etc. quickly and thoroughly. Streak-free cleanliness.

Art.Nr. 4184 - 25 L | 24184 - 200 L

Railcleaner Acid

Railcleaner Acid is a strong acidic surfactant cleaner which reliably removes all kinds of dirt of hard surfaces. Dissolves hydrated ferric oxide or copper oxide from the surface and creates a protective sulfate compound on the exposed iron surface.

Art.Nr. 4466 - 25 L | 24466 - 200 L

Acidovan NF

Mild acid based shampoo with integrated draining effect for stain-free drying on paint and glass. Used in brush-wash, the rinsing afterwards activates the drying effect. The water film dries without building drops that lead to staining. Excellent wash power at low exposure time.

Art.Nr. 4155 - 25 L | 4156 - 200 L

ALFA Cleaner

Concentrated alkaline cleaner. Reliably removes oil, grease, insects, smog, environmental dirt, protein, aged wax and resin incrustations as well as carbonized residues, copolymer waxes and micro dust. Surfactants are biodegradable and without environmental impact in waste water. Ideally suited for intensive cleaning of tarpaulins and trailers, workshop floors, engines, gear parts etc.

Art.Nr. 4160 - 25 L | 4161 - 200 L

ALFA Cleaner FORTE

Highly concentrated alkaline cleaner. Reliably removes oil, grease, insects, smog, environmental dirt, protein, aged wax and resin incrustations as well as carbonized residues, copolymer waxes and micro dust. Surfactants are biodegradable and without environmental impact in waste water. Ideally suited for intensive cleaning of tarpaulins and trailers, workshop floors, engines, gear parts etc.

Art.Nr. 4163 - 25 L | 24163 - 200 L

Nufa Dryer

Draining and drying help particularly for NUFA wash systems. All contained raw materials are biodegradable and environmentally neutral in waste water. Contains an excellent wetting behavior. Due to the slight acidic water film a streak free water drain, without breaking the water film, is achieved. Limestone and water stains are avoided even with hard water. Wax-free formula. Ideally suited for vehicles with big glass surfaces, e.g. busses.

Art.Nr. 4141 - 25 L | 4142 - 200 L

Industrial Cleaner F99

Very rich, alkaline, high foaming cleaner on the basis of non-ionic surfactants, which reliably removes oil, animal and vegetable fat, insects, environmental dirt, protein, aged wax and resin incrustations as well as carbonized residues, copolymer waxes and micro dust. The used surfactants are all biodegradable and without environmental impact in waste water. Ideally suited for a material friendly dissolving of strong grease- and oil contamination on tarpaulins and trailers.

Art.Nr. 4134 - 10 L | 4121 - 25L

Industrial Cleaner F99 FORTE

Highly concentrated, strong alkaline cleaner on the basis of non-ionic surfactants, which reliably removes oil, animal and vegetable fat, insects, environmental dirt, protein, aged wax and resin incrustations as well as carbonized residues, copolymer waxes and micro dust. The used surfactants are all biodegradable and without environmental impact in waste water. Ideally suited for a material friendly dissolving of strong grease- and oil contamination on tarpaulins and trailers.

Art.Nr. 4124 - 10 L | 4123 - 25L

Car Star all-purpose cleaner

Concentrated, alkaline cleaner, which reliably removes oil, animal and vegetable fat, insects, environmental dirt, protein, aged wax and resin incrustations as well as carbonized residues, copolymer waxes and micro dust. Ideally suited as pre-treatment agent as well as brush-detergent in automated commercial vehicle, especially to dissolve strong grease and oil contamination on tarpaulins and trailers

Art.Nr. 4136 - 10 L | 4137 - 25L

AZ Cleaner

AZ cleaner is a ready-to-use, powerful spray cleaner to dissolve grease contamination on synthetic and glass surfaces. AZ cleaner dissolves persistent soiling residue-free, achieves streak-free view on windows and mirrors, removes water stains, insect residues and nicotine, easy and fast. For glass, mirror, tiles, ceramic, synthetic surfaces, doors, metal parts, vinyl, leather, chrome, acrylic glass, Resopal, paint surfaces and computers.

Art.Nr. 4620 - 10 L | 4619 - 25L

Intensive Cleaner TA 88

Rich, alkaline, low-foaming cleaner with high grease-dissolving power. Has a demulsifying effect in waste water. For manual and mechanical floor cleaning. Dissolves oil, grease, insects, aged wax and resin incrustations as well as carbonized residues. Ideally suited for use in cleaning machines and for a cleaning of engines and work pieces. Excellent for a gentle cleaning of tarpaulins.

Art.Nr. 4151 - 10 L | 4450 - 25L

Pro Cleaner / Break Cleaner

High-quality, powerful special cleaner for all maintenance- and repair work on breaks, clutches and engine parts. Dissolves quickly and completely residue-free break dust as well as all oil, grease and silicon containing contaminations and incrustations. Ultra-strong with best material compatibility. Airs out absolutely residue free. Very rich. Free of acetone and aromatic compounds.

Art.Nr. 4935 - 25 L

Silicone Dissolver

Automatically and carefully removes dirt such as tar, oil, grease, silicon, wax, adhesive or adhesive residues of paint, clothes, pillows, doormats and hard surfaces. Applicable in engine compartment, wheel cases, car body parts and glass surfaces. It dissolves adhesive residues of labels, rubber abrasion as well as paint residues and spray mist.

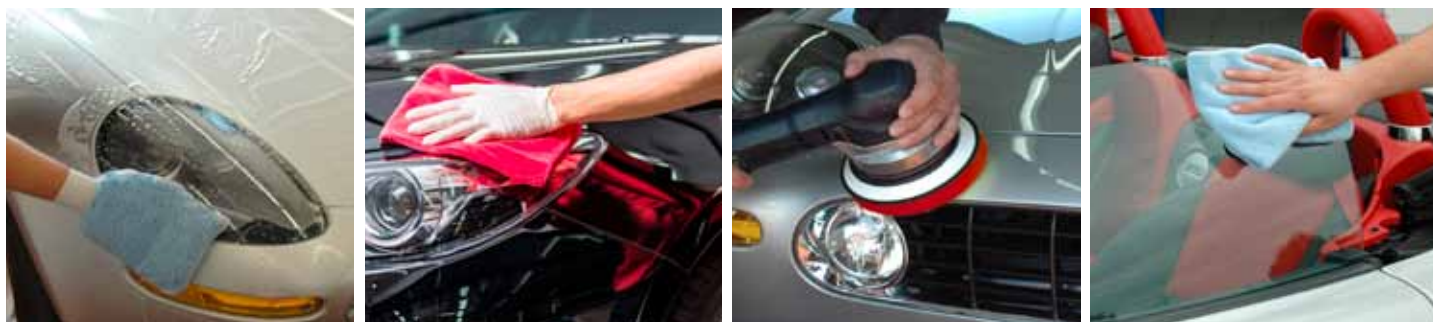

Art.Nr. 4938 - 1 L | 4915 - 10 L | 4916 - 25 L

Turbo S

Highly effective, alkaline special cleaner for: prewash of vehicles at the automated commercial vehicle wash and car wash, insect dissolving as well as for cleaning of tarpaulins and containers, HD-devices, as well as for manual use. Effectively dissolves oil, grease, wax and pigment dirt. With correct concentration and exposure time, even persistent soiling will be easily removed. The surfactants are biodegradable and environmentally neutral in waste water.

Art.Nr. 4970 - 25 L

Detailing with system

The **X-CLEAN** training system:

As full-service provider in the field of vehicle care we have committed ourselves to not only offer products of high quality but also create a perfect instruction manual for them.

Therefore it is our aim to support our partners with an optimized "Learning by doing System".

In our training **GLANZWERK** center or directly with you on-site we can train up to 6 people in one day.

Usually the training lasts from 09.00 a.m. until 04.00 p.m., however we react to individual customer requests.

We divide the vehicle care in 7 steps. Thereby the **X-CLEAN** TIMESCORE shows the exact workflow.

In the training all 7 steps will be explained comprehensible and uncomplicated by our **X-CLEAN** specialist and complemented with practical exercises.

The **X-CLEAN** TIMESCORE came into being of extensive experience in the field of used vehicle treatment. This serves as orientation and to facilitate understanding of the treatment system.

With **X-CLEAN** as partner by your side, you are definitely on the safe side. With this training we help you to perfect the vehicle care. ww

Training Contents:

- *preparation*
- *pre-wash*
- *interior cleaning*
- *interior care*
- *polish*
- *sealing*
- *synthetic care*
- *chemical handling*
- *occupational safety*

Insects & Pre-cleaner Ultra

Insects and pre-cleaner Ultra is a rich, alkaline pre-cleaning concentrate with special surfactant combinations. Developed for application in car wash systems as well as for manual prewash in used-vehicle treatment, or in spraying units. Fast and gentle dissolving of dirt such as: insect, oil, grease, fuel and pigment dirt. With vaporizing inhibitors. Suited for use in recycling systems.

Art.Nr. 4414 - 10 L | 4403 - 25 L

Rim Cleaner

Powerful acid based rim cleaner for effective cleaning and value preservation of all painted alloy and steel rims. Dissolves fast and dependable also toughest residues of grease, oil and brake dust as well as environmental dirt. With a maximum surface protection the rims immediately receive a look as good as new. Extremely effective and easily applicable. In compliance with the initial conditions it is suited for use in biological treatment systems.

Art.Nr. 4813 - 10 L | 4808 - 25L

Rim-cleaner acid free

Powerful acid free rim cleaner to effectively clean steel rims and painted aluminium rims. Dissolves fast and without effort persistent soiling such as burned-in brake dust, rubber and oil residues as well as other environmental dirt. The efficiency indicator turns reddish / violet after reaching of exposure time.

Rust Film remover

Rust film remover is an acid based surfactant cleaner which reliably removes rust film of solid surfaces. Dissolves the hydrated ferric oxide or copper oxide from the surface and creates a protective compound on the exposed iron surface. Ideally suited also for commercial vehicle wash-systems for rail vehicle. The product is solvent-free, anti-corrosive and highly concentrated.

Art.Nr. 4955 - 25 L

Rust Film remover Forte

Rust film remover Forte is a strong acid based power cleaner which reliably removes rust film of solid surfaces. Dissolves the hydrated ferric oxide or copper oxide from the surface and creates a protective compound on the exposed iron surface. Ideally suited also for commercial vehicle wash-systems for rail vehicle. The product is solvent-free, anti-corrosive and highly concentrated.

Art.Nr. 4967 - 25 L

Tar Remover

aner with special solvents and highly effective wetting agents for a perfect cleaning. The product is chemical neutral, does not affect sensitive materials and provides temporarily corrosion protection due to evaporation solvents. Free of halogenated hydrocarbons (FCKW). Dissolves oily and greasy contaminations, bitumen, tar and wax. Furthermore it easily dissolves winter dirt, rosin residues, salt, etc.

Art.Nr. 4409 - 10 L | 4419 - 25L

Car gloss Shampoo HOKO

Car gloss Shampoo HOKO is a highly viscous shampoo for the manual wash of vehicles with optimal surface protection. Car gloss shampoo HOKO implies perfect wash power combined with deep gloss effect and pleasant smell. Intensive cleaning with minimal consumption. Surface protecting.

Art.Nr. 4107 - 10 L | 4108 - 25L

Ultra Wash & Wax

Ultra wash and wax combines excellent wash-power with long-term sealing. The Nano-layer creates a perfect gloss and a very good repellent reaction of the water. Provides a protection against environmental influences such as UV-radiation, road salt and smog. Due to the sealing, soiling is easier removable. The multifunctional formula with high efficiency polymers and long term effect is an effective paint preservation formula. No layer formation even when used frequently.

Art.Nr. 4106 - 10 L | 4105 - 25L

Silicone Dissolver

Automatically and carefully removes dirt such as tar, oil, grease, silicon, wax, adhesive or adhesive residues of paint, clothes, pillows, doormats and hard surfaces. Applicable in engine compartment, wheel cases, car body parts and glass surfaces. It dissolves adhesive residues of labels, rubber abrasion as well as paint residues and spray mist.

Art.Nr. 4938 - 1 L | 4915 - 10 L | 4916 - 25 L

Multi Clean Euro Cleaner

Effective, universally applicable, alkaline cleaner on the basis of non-ionic surfactants. The used surfactants are at least to 90% biodegradable and without environmental impact in waste water. Does not contain organic bound halogen compounds (AOX). Ideally suited for cleaning of workshop equipment, floors, dispensers, as well as tool parts and machines. Dissolves reliably oil and fuel contaminations and miscellaneous environmental dirt.

Art.Nr. 4700 - 10 L | 4707 - 25L | 40707 - 200 L

Car interior cleaner

Car interior cleaner acts hygienically effective with refreshing scent. For the complete car interior. Removes quickly and gently persistent dirt such as grease, oil and nicotine off of cockpit, interior lining and cushion. Ideally suited to remove marks on door panels. Creates a fresh scent inside the vehicle.

Art.Nr. 4732 - 10 L | 4733 - 25L

Flash Master

Flash Master is a low in phosphates and extremely high concentrated all-purpose cleaner on the basis of biodegradable anionic and nonionic surfactants. The cleaner contains an excellent dirt- and grease removal power. Easily cleans synthetic leather, plastics, glass, tiles, ceramic, enamel, painted areas, walls and wooden doors. Wash-active even with hard water with foam automatic. Streak-free gloss.

Art.Nr. 4709 - 10 L | 4713 - 25L

Universal cleaner & odor-blocker

Universal cleaner & odor-blocker cleans smooth surfaces such as synthetics, wood, carpet, cushion, coverings, cockpit and many more. The new active substance formula cleans effectively and dissolves persistent soiling such as oil, grease, nicotine, pigment dirt, etc. Removes streak-free and does not leave a grey bloom. Ideally suited for use in workshop and household.

Art.Nr. 4726 - 10 L | 4728 - 25L

Green & Clean all-purpose cleaner

All-purpose cleaner for synthetics, carpet, cushion, covering, cockpit, tiles, paint, container and tarpaulins. The new formula cleans effectively and dissolves even persistent soiling such as oil, grease, nicotine, dirt etc. Ideally suited for use in industrial facilities, transportation companies, swimming pools and construction vehicles and to clean tools. Also suited to clean insect dirt and rims. Easy to rinse. Suited for use in food sector.

Art.Nr. 4727 - 10 L | 4717 - 25L

Stain & adhesive remover

Stain & adhesive remover is an ideal, powerful care assistant to dissolve oil, grease, dirt, tar, adhesives and many more. Contains solvents.

Art.Nr. 4948 - 1 L

Orange oil cleaner

Can be used concentrated and diluted. Removes stains from clothes, carpet floors, cushion, chewing gum and paint stains, resinified grease, rubber abrasion on floors, ink and pen stains, paint and oils colors, adhesive residues, nail polish, engine oil and grease, wax- and sealing residues. To clean and degrease tools and machines. Ideally suited to dissolve labels. Eliminates bad odor. With fresh orange scent. Extremely economical in use.

Art.Nr. 4723 - 1 L | 4724 - 10L

Cockpit care matt effect vanilla

Cleans, cares and maintains the matt surface and structure of all synthetic parts in the car interior. Acts dust repellent, antistatic and protects from re-soiling. Also suited for wooden fittings. The matt effect in the cockpit remains, no disturbing light reflection. Silicone and solvent-free. With pleasant vanilla scent.

Art.Nr. 4742 - 10 L | 4752 - 25L

Cockpit care matt effect NEW-CAR

Cleans, cares and maintains the matt surface and structure of all synthetic parts in the car interior. Acts dust repellent, antistatic and protects from re-soiling. Also suited for wooden fittings. The matt effect in the cockpit remains, no disturbing light reflection. Silicone and solvent-free. With subtle scent reaction.

Art.Nr. 4743 - 10 L | 4753 - 25L

Cockpit care matt effect lemon

Cleans, cares and maintains the matt surface and structure of all synthetic parts in the car interior. Acts dust repellent, antistatic and protects from re-soiling. Also suited for wooden fittings. The matt effect in the cockpit remains, no disturbing light reflection. Silicone and solvent-free. With refreshing lemon scent.

Art.Nr. 4741 - 10 L | 4751 - 25L

Cockpit antistatic Lemon

Cockpit antistatic lemon is a cockpit care, which creates a water resistant, silky matt gloss effect on all synthetic and rubber parts of the car interior. Protects all synthetic and rubber parts from dirt, UV radiation and thus from premature aging and greying. Cockpit antistatic lemon can be used on all non-painted synthetic and rubber parts in the interior area of the vehicle sector, such as car, truck, train and bus.

Art.Nr. 4710 - 10 L | 4714 - 25L

Trim protector premium

Highly concentrated cleaner. Cares and protects all surfaces of synthetics, rubber or vinyl. Gives silky-matt gloss and intensifies the color depth. Refreshes pale, weathered and brittle synthetic- and rubber parts. Deep-care premium offers long-term protection against UV radiation, new soiling, fading, brittleness and weathering. Works dust- and dirt repelling, as well as antistatic. For fittings, suitcases, bags, window frame, doors, shelves, partition walls, outdoor furniture, coverings in vehicles, boats, and many more.

Art.Nr. 4761 - 10 L | 4762 - 25L

Trim protector

Cares and protects all surfaces of synthetics, rubber or vinyl. Gives silky-matt gloss and intensifies the color depth. Refreshes pale, weathered and brittle synthetic- and rubber parts. Deep-care premium offers long-term protection against UV radiation, new soiling, fading, brittleness and weathering. Works dust- and dirt repelling, as well as antistatic. For fittings, suitcases, bags, window frame, doors, shelves, partition walls, outdoor furniture, coverings in vehicles, boats, and many more

Art.Nr. 4706 - 10 L | 4766 - 25L

Synthetic care premium

High quality special protector with macromolecular and gloss-giving components. With bonding agents for waterproof, silky-shining look on all rubber and synthetic parts. Through a special formula a quick application is possible. The applied polymers link immediately after the solvents have evaporated, thus creating an immediate protection film. This protection film protects all synthetic and rubber parts from water, dirt and UV radiation and thus from premature aging and greying.

Art.Nr. 4721 - 10 L | 4725 - 25L

Gloss-care synthetic

Special protector with gloss-giving components. With bonding agents for waterproof, silky-shining look on all rubber and synthetic parts. Through a special formula a quick application is possible. The applied polymers link immediately after the solvents have evaporated, thus creating an immediate protection film. This protection film protects all synthetic and rubber parts from water, dirt and UV radiation and thus from premature aging and greying.

Art.Nr. 4770 - 10 L | 4771 - 25L

Rubber fresh silicone free

Matt-care of tires, doormats, door seals, rubber mats and so on. The groomed parts receive a higher lifetime, more elasticity and color depth. Odor neutral, also suited for use in the interior. Silicone free. Quick preservation for used vehicle preparation. Protects from ozone and UV. Harmless to chrome, glass, rubber and paint. Also applicable on wet tires.

Art.Nr. 4805 - 10 L | 4806 - 25L

Tire gloss

Gloss-care of tires, door seals etc. The groomed parts receive a higher lifetime, more elasticity and color depth. Quick preservation for used vehicle preparation. Protects from ozone and UV. Harmless to chrome, glass, rubber and paint. Also applicable on wet tires.

Art.Nr. 4790 - 10 L | 4791 - 25L

Glass Polish

Glass polish is a silicone free special polish for the elementary cleaning of heavy soiled windows. Dissolves, amongst others, insect residues, industrial dust, rust film, oil, smog, grease, adhesive residues, and many more.

Art.Nr. 4625 - 1 L | VE 8

Nano Glass protector

Nano glass protector provides a sealing which simply makes water and raindrops repel. Can be used for windows, car glass, sinks, tiles, shower cabins and many more. Suitable for all glasses and is resistant against cleaning- and antifreeze agents. Nano glass protector reduces the adhesion of dirt, insects, ice, etc. and facilitates the cleaning of the surface.

Art.Nr. 4204 - 1 L | VE 8

Glass cleaner

Concentrated glass, window and mirror cleaner for car, household and industry. Removes without effort dirt, oil, grease, wax, silicone, nicotine deposits and pigment dirt. Suited also to clean ceramic, synthetics, tiles and painted surfaces. Window cleaner works streak-free and leaves behind an excellent gloss.

Art.Nr. 4621 - 10 L | 4607 - 25 L

Glass Cleaner 2

Glass, window and mirror cleaner for car, household and industry. Removes without effort dirt, oil, grease, wax, silicone, nicotine deposits and pigment dirt. Suited also to clean ceramic, synthetics, tiles and painted surfaces. Window cleaner works streak-free and leaves behind an excellent gloss.

Art.Nr. 4175 - 10 L | 4176 - 25 L

GLANZWERK®
PREMIUM LACKPFLEGE

GLANZWERK® is a registered trademark of X-CLEAN® International

Abrasive paste RAPIDO silicon-free

Extra intensive machine polish to quickly treat strong weathered paint, to eliminate deep scratches. Furthermore effectively dissolves paint mist. Due to the innovative abrasive grain, grinding paste RAPIDO creates a high cut with excellent gloss level. The polish ability of the polish is very long at a minimal dust formation. Easily wiped off. RAPIDO convinces at all sorts of paint (fresh paint, scratchproof paint, UV-paint)

Art.Nr. 4240 - 1 L | VE 8

Pulimento RAPIDO PRO silicone-free

Extra intensive machine polish to quickly treat strong weathered paint, to eliminate deep scratches. Furthermore effectively dissolves paint mist. Due to the innovative abrasive grain, grinding paste RAPIDO creates a high cut with excellent gloss level. The polish ability of the polish is very long at a minimal dust formation. Easily wiped off. RAPIDO convinces at all sorts of paint (fresh paint, scratchproof paint, UV-paint)

Art.Nr. 4238 - 1 L | VE 8

One Step MICROCUT - silicone-free

X-CLEAN ONE STEP is an universal abrasive polish with a distinctly polishing effect and maximal gloss performance. One polish for almost all tasks. Innovatively removes grinding marks, scratches, holograms and streaks. Simple and easy processing. The cut and the gloss are controlled by the degree of hardness of the polishing pad or lambskin pad.

Art.Nr. 4244 - 1 L | VE 8

High Gloss Polish Anti-hologram

High gloss polish is a silicone-free anti-hologram polish to remove polishing marks, holograms, micro scratches and streaks, while at the same time providing a sealing. Ensures an extremely good deep gloss. Is extremely rich, very good to process and easy to polish-off. To receive the perfect result we recommend using X-Clean Spider pad medium or Polish waffle pad. Ideally suited for use with eccentric machine. Easy and simple processing.

Art.Nr. 4248 - 1 L | VE 8

Wax Finish STARGLOSS

Modern PREMIUM polymer- paint protecting sealant for an extreme deep gloss effect with permanent long-term protection. The special polymer technology ensures an excellent bond with the paint surface and guarantees a perfect smooth surface with extreme color intensity. Perfect permanent protection against atmospheric influences. Very simple and effortless processing.

Art.Nr. 4252 - 1 L | VE 8

Speed Wax | Showroom Polish

Quick optical treatment of new and used vehicles. Easily cleans soiled vehicles, or gives a flash-sealing after the wash. Applicable on wet paint as well. Cleans and seals. Also usable as retailing spray to refresh gloss. A wellness wax for paint, glass, synthetics or metal. Ensures a protection film with deep gloss and repelling effect. Functions anti-static and dirt-repellent.

Art.Nr. 4216 - 500 ml | VE 15 4289- 10 L

Control Sprau

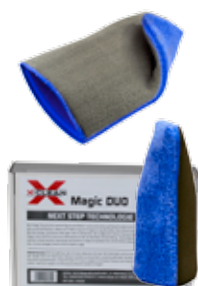

Control spray ensures a quick and simple cleaning of the clear paint and is perfect for surface control after the polishing. Suited for all paint surfaces, incl. of scratch resistant clear paint. Silicone-free. No fillers.

Art.Nr. 4256 - 500 ml | VE 15

Polishing fleece

High-quality special fleece with textile character. To clean, maintain and polish. Guaranteed without PE/PP-support. 100% viscose. Lint-free, very soft, extremely absorbent. Anti-static. Scratch-free. With super-soft coating. Biodegradable. In a practical dispenser box.

Art.Nr. 4764 - 40 x 38 cm | VE 1

Magic DUO

Magic duo is a two-sided usable paint-preparation washing glove. He cleans and evens the paint surface. Removes rust film, spray mist, tar, tree resin and the like. Lasts for up to 60 vehicles. Easy cleaning - the absorbed contaminations are rinsed off with water. Enormously time saving at easiest use. Bonded soiling is removed directly at hand wash. Ideally suited for contorted areas like front aprons, exterior mirrors, rear license plates, and the like.

Art.Nr. 4305 | VE 1

Lambskin pad

Ideally to remove heavy weathering, scratches, etc. Extra dense lint-free nature lambskin pad to process abrasive polish. The lambskin pad is a polish medium with highest abrasiveness. Professional top quality. Permanent.

Art.Nr. 0280 - 150 mm | VE 6

Polishing sponge – red – hard

Tear-resistant, relatively hard polishing pad for maximal removal rate and high performance. Reticulated foam ensures more air circulation and thus lower temperatures on the paint surface. The support layer enables a polishing with higher pressure. The three dimensional calibrated surface improves the absorption capacity of the polishing agent and enables a better removal.

Art.Nr. 4260 - 160 / 25 mm | VE 6

Polishing sponge – white - medium

Tear-resistant, medium-soft polishing pad, among other things for anti-hologram polish and ONE STEP with excellent performance. Reticulated foam ensures more air circulation and thus lower temperatures on the paint surface. The support layer enables a polishing with higher pressure. The three dimensional calibrated surface improves the absorption capacity of the polishing agent and enables a better removal.

Art.Nr. 4261 - 160 / 25 mm | VE 6

Antihologram sponge grey medium

Tear-resistant, medium-soft waffle pad, especially for the anti-hologram polish. Reticulated foam ensures more air circulation and thus lower temperatures on the paint surface. Ideally suited for use with eccentric machine. Ensures an even application and economical use. Perfect results even with difficult color types and delicate paint.

Art.Nr. 4263 - 160 / 25 mm | VE 6

Finish pad – black – soft

Tear-resistant, extra soft waffle pad for sealing products. Reticulated foam ensures more air circulation and thus lower temperatures on the paint surface. Ideally suited for use with eccentric machine. Ensures an even application and economical use. Perfect results even with difficult color types and delicate paint.

Art.Nr. 4262 - 160 / 25 mm | VE 6

Ultra Wax Plus

Ultra wax plus is a liquid **hard wax** with carnauba wax without grinding agents as high end wax sealing for new and pre-polished normal and metallic paint. Gives a brilliant deep gloss and vibrant colors, as well as a permanent long-term sealing and creates an extreme water repellent effect. It results in a perfect paint-finish that lasts many washes due to optimal sealing of the paint.

Art.Nr. 4205 - 1 L | VE 8

Polish & Wax

Polish and wax is a high gloss finish polish for a permanent and brilliant deep gloss. Removes grey haze and polishing dust. Gives vibrant colors, as well as a permanent long-term sealing and creates an extreme water repellent effect. It results in a perfect paint-finish that lasts many washes due to optimal sealing of the paint.

Art.Nr. 4287 - 1 L | VE 8

Paint polish

Paint polish is a universal polish containing silicone, for soiled and soft withered paint. Paint polish can be used manually as well as with machines to polish off old paint or fresh repair paint. Furthermore suited to remove paint mist and abrasive streaks from partial paint. Cleans and preserves in one process.

Art.Nr. 4293 - 1 L | VE 8

Paint cleaning Pasta Intensiva

Paint cleaning Pasta intensiva is a premium grinding paste of the new generation. Silicone-free, with physical effect for all weathered and matt paint surfaces. Cleans and removes streaks and small scratches. Furthermore removes light "orange skin" and spray mist.

Art.Nr. 4283 - 1 L | VE 8

Microfiber cloth PROFESSIONAL

Professional microfiber cloth. Removes polish residues without micro scratches. Round sewed edges provide a gentle paintwork care. Silicone-free. Permanent lint-free.

Art.Nr. 0327 - 40 x 40 cm | VE 5

Microfiber cloth SUPER SOFT

Delicate microfiber cloth in professional quality. 40 x 40 cm in size. Ideally to clean all smooth surfaces streak-free. Usable damp and dry. Thorough cleanliness even in finest pores. Without residues. Washable up to 60 °C. Lint-free, high durability.

Art.Nr. 0346 - 40 x 40 cm | VE 5

Microfiber laser polishing cloth

Excellent polishing cloth with 2 different sides. Silicone-free. With ultrasound edge and therefore does not have bothering edges. The washing instruction label is glued. Extra fleecy professional quality with high endurance. High pile and reliable absorption of polishing agents, waxes and sealing. This professional cloth is 100% scratch free when used correctly, does not create streaks, micro scratches or holograms. Washable up to 60 °C.

Art.Nr. 0348 - 40 x 40 cm | VE 5

Polishing cloth FLEECY

Ultra fleecy polishing cloth which is ideally suited for processing polishes, wax and sealing. Its structure ensures a gloss enhancing. The extra soft, long fiber, double sided processed microfiber is perfect for all polishes. This high pile cloth with a surface weight of 600 g / squaremeter has extra soft, long fibers. Washable up to 40 °C

Art.Nr. 0346 - 40 x 40 cm | VE 6

Polishing machine POLISH MASTER

Eccentric polishing machine for a hologram-free and professional paintwork preparation. Ergonomic design for an optimal handling. Very smooth running. Ideally for demanding polishing on vehicle paint. Extremely easy to use, even for inexperienced users.

Weight 2,5 kg | 900 Watt | Hub 21 mm

Art.Nr. 4272 | VE 1

Polishing plate Sandwich

Professional-Velcro- polishing plate with special structure. Extra foam layers, ideally coordinated with all X-CLEAN grinding pads and polishing pads. Permanent.

Art.Nr. 4270 - 125 mm | VE 1

NANOPUR®

VISIBLE EFFECT PROTECTION

X-CLEAN

NANOPUR®
VISIBLE EFFECT PROTECTION

Wash sponge

Durable quality car sponge. Permanent, handy and gloss drying. Resistant against weak acids and lye. Gentle to sensitive paint due to highest possible water absorption and scratch free soft pores. Environmentally compatible. CFC free.

Art.Nr. 0310 | VE 10

Microfiber car sponge PRO

Exclusive double sided professional car sponge. One side with fleecy microfiber, the second side with durable synthetic fleece for insect residues, persistent incrustation etc. permanent, handy and gloss drying. Resistant against weak acids and lye. Gentle to sensitive paint due to high water absorption. Environmentally compatible. CFC free.

Art.Nr. 04319 | VE 6

Multipurpose sponge

Double sided usable. With the one side it removes without effort carcass residues of windows and car body parts, with the other side it is a universal useable sponge. Scratch free and with long durability. Absorbing and durable. Environmentally compatible. CFC free.

Art.Nr. 0320 | VE 24

Wash sponge semicircular

The ideal care helper, permanent, with special structure for an optimal dirt removal. Resistant against weak acids and lye. Scratch free, also suited for sensitive paint. Environmentally compatible. CFC free.

Quality dry cloth XL

Quality car cloth of the premium class. Extra big, 54 x 44 cm. Dries paint, synthetic, glass and many more. Permanent, lint-free gloss drying. Smoothly soft. Enormous water absorption. With special micro perforation, streak free. Extremely absorbent, paint preserving. Scratch free. Cleans intensively and is tear-resistant. For professionals and do-it-yourselfers.

Art.Nr. 0315 | VE 12

Quality dry cloth MEDIUM

Quality car cloth extra big, 44 x 40 cm. Dries paint, synthetic, glass and many more. Permanent, lint-free gloss drying. Smoothly soft. Good water absorption. With special micro perforation, streak free. Very absorbent, paint preserving. Scratch free. Cleans intensively and is tear-resistant. For professionals and do-it-yourselfers.

Art.Nr. 0316 | VE 12

Cleaning brush

Permanent professional quality. Long durability at consistent quality. Scratch free due to plastic case. Uniform bristles.

Art.Nr. 4321 | VE 12

Rim Brush

Permanent professional quality. Long durability at consistent quality. Scratch free due to plastic case. Uniform bristles.

Art.Nr. 0302 | VE 1

Dust brush

Permanent professional quality. Long durability at consistent quality. Scratch free due to plastic case. Uniform bristles.

Art.Nr. 4337 | VE 1

Wash brush angle / telescopic bar

Angle-wash brush with threaded block to screw in water flow telescopic bars. Suited for all surfaces. Paint preserving due to fine brush strength. Optimal cleaning of corners and angles due to curved brush head. Aluminium-telescopic bar for angle wash brush with water flow and hose connections. The easy continuous change of the pole allows an optimal adjustment to the working conditions. With gentle, non-slip handle for a secure grip.

Art.Nr. Bürste 0331 | Stange 0332

Handsprayer CP

Hand sprayer with PET bottle. Robust spray head made of HDPE. With safety lock. Three different positions – off – spraying – jet

Art.Nr. 0300 | VE 1

Hand sprayer F I

F1-spraying bottle for 1000 ml liquid. Suited also for **solvent containing** products. Universal application. Permanent professional quality. Robust spraying head with an especially large hub (2,5 ml). Individually adjustable from spot blast to spray mist. Threads: 28/400

Art.Nr. 0304 | VE 1

Pump dispenser ACID

For **acid-containing** cleaning agents. Adjustable jet for the degree of vaporization. Robust design. High-quality fabrication. This spray bottle works with (air) pressure. The incorporated pump creates the pressure, thus enabling a consistent spraying. An overpressure valve prevents a buildup of too much pressure. The pump dispenser is adjustable over a jet, and therefore the degree of spraying can be changed.

Art.Nr. 0330 | VE 1

Pump dispenser SOLVENT

For **solvent containing** cleaning agents. Adjustable jet for the degree of vaporization. Robust design. High-quality fabrication. This spray bottle works with (air) pressure. The incorporated pump creates the pressure, thus enabling a consistent spraying. An overpressure valve prevents a buildup of too much pressure. The pump dispenser is adjustable over a jet, and therefore the degree of spraying can be changed.

Art.Nr. 0038 | VE 1

Dosing Device

For an economical work with all X-CLEAN cleaning agents. Easy to assemble and due to the common hose connection immediately applicable. Constant mixing ratio and therefore less consumption of chemicals. 15 different mixing ratios possible. Operated at the push of a button. Stops incorrect dosing and therefore increases the occupational safety.

Art.Nr. 0309 | VE 1

Barrel Pump

Synthetic barrel pump suited for every common 200 L barrel. For an economical and clean extraction. Robust and reusable construction. With 1,2 m hose for extraction of acid, neutral and alkaline products of barrels. Output per Hub: 0,25 l. Length of intake manifold: 840 mm. For barrel thread G 2".

Art.Nr. 0993 | VE 1

Drain cock

The ideal helping device for an optimal handling of canisters. With swiveling head and screw cap. Robust, with long lifetime.

Art.Nr. 0981 - 10 L | 0980 - 25 L

Roll of Cleaning Towel 2-layers

Cleaning towels for industry and handicraft with good grip. Due to their high resistance and high wet strength, optimal for simple up to rough cleaning work. Blue, 2 layers. 500 pieces. Size: L38 cm x W22 cm. Point to point embossing.

Roll of Cleaning Towel 3-layers

Professional quality. Double roll, cleaning towels for industry and handicraft with good grip. Due to their high resistance and high wet strength, optimal for simple up to rough cleaning work. Blue, 3 layers. 500 pieces. Size: L 38cm x W 38cm. Point to point embossing.

Roll of Cleaning Towel 3-layers

Professional quality. Cleaning towels for industry and handicraft with good grip. Due to their high resistance and high wet strength, optimal for simple up to rough cleaning work. Blue, 3 layers. 1000 pieces. Size: L 35cm x W 37cm. Edge and area embossing.

Paper roll holder

Wall holder: dispensing system for small and big rolls, for an economical and handy use in the workshop and sanitary area. Up to 42 cm roll width – steel.

Floor Holder: dispensing system for small and big rolls, for an economical and handy use in the workshop and sanitary area. Up to 42 cm roll width – steel.

Art.Nr.: 4114 | Einzelpack

Art.Nr.: 60961 - Wand | 60955 - Boden

Folded towel dispenser

Folded towel dispenser system for an economical and handy use in workshops and in sanitary areas. Size: W 28,5 cm x H 40 cm x D 13 cm, synthetic, white.

Folding towel nature

Creped, absorbent folding towel for washing rooms. The zigzag folding is ideally for individual removal. 1 layer. 5000 pieces. 25 cm x 23 cm.

Art.Nr.: 6095000

Art.Nr.: 4154

Hand protection lotion

Free of grease, soluble in water O/W skin protection emulsion, free of silicones. Forms a microfilm with grip on the skin and protects while dealing with oily working materials, organic solvents, colors, paint and resins.

Art.Nr.: 60111 2 L Beutelflasche VE 6

Hand care Lotion

Easily absorbable, silicone free O / W skin care emulsion for hands and face. Contains beeswax and selected natural oils. Supports the regeneration of the skin.

Art.Nr.: 60200 | 60255 2 L Beutelflasche VE 6

Hand Cleaner Paste intensive

White, solvent free fluid paste made of highly abrasive but skin friendly synthetic powder, highly concentrated with active washing substances. PH-value neutral. To thoroughly and quickly remove strongest soiling, such as oil, grease, soot, graphite and many more.

Art.Nr. 60320 - 2 L VE 6 | 60325 - 2,5 L VE 6 | 60330 - 3 L VE 6

Hand care Lotion

Easily absorbable, silicone free O / W skin care emulsion for hands and face. Contains beeswax and selected natural oils. Supports the regeneration of the skin.

Art.Nr.: 60411 - 2 L Beutelflasche VE 6

Variopack dispenser 2 L

Made of impact resistant and glass fiber supported synthetic, hard-wearing. Uncomplicated installation. Large control panel. With system for a pump-hub regulation. Easy change of container. For all bag bottles.

Art.Nr.: 60820

Dosing pump 2,5 L

Reusable pump dispenser for an economical consumption. Suited for all hand-hygienic products. Quick assembling and change of product is possible. No clogging of the cock. Developed for workshops, culinary establishments and other sanitary facilities.

Art.Nr.: 60825

X-CLEAN Placement concept / sample shelf

Continuously rising product diversity increasingly overstrains many customers and makes the purchase decision more difficult. However, it is important for customers to be sure if the product can help at the respective special case of application.

With our targeted information focus on the packaging the customers are able to see, fast and uncomplicated, the function of the product, its use and instructions. That way you increase the presence of your shop and the products.

Sales promotion

SHOP-IN-SHOP SYSTEM

On the **X-CLEAN** sales rack the consumer is able to find all products for the systematical car care.

the **X-CLEAN** sales rack has an ideal size of:

60 cm wide | 40 cm deep | 180 cm high

In the front are scanner tracks for prizing.

The placement can be arranged as requested. Therefore an individual reaction to regional differences is possible.

The **X-CLEAN** sales rack comes in a decent grey and thus can be combined with many common colors in the shop.

Shop window decoration

For the window display outside stickers and reverse glass stickers are available.

Active Shampoo

Active shampoo provides excellent wash power combined with deep-gloss effect and pleasant scent. Active shampoo has an intensive cleaning power at minimal consumption. Suited for the manual wash of vehicles. Protects the paint due to gentle surfactants. Active shampoo is free of phosphates and PH-neutral.

Art.Nr.: 4103 - 500 ml | VE 15

Tree resin remover

Removes quickly and gentle tree resin, bird droppings and other organic residues on paint, glass, chrome and synthetic surfaces. Tree resin remover is also suited for plastic headlight lenses and XENON-headlights. Residue-free. Surface protecting. Also applicable for power saws and hedge trimmers.

Art.Nr.: 4401 - 500 ml | VE 15

Rim cleaner

Powerful acid based rim cleaner for all painted alloy and steel rims. Dissolves fast and dependable also persistent residues of grease, oil and brake dust. With a maximum surface protection the rims immediately receive a look as good as new. Extremely effective and easily applicable. Reduces the amount of work to clean rims to a minimum.

Art.Nr.: 4800 - 500 ml | VE 15

Rim-cleaner acid free

Highly effective, acid free rim cleaner for all steel rims and painted aluminium rims, as well as chromed and polished rims. Dissolves fast and without effort persistent dirt such as burned-in brake dust, rubber and oil residues as well as other environmental dirt. With efficiency indicator, the change of color to reddish signals the dirt removal.

Art.Nr.: 4802 - 500 ml | VE 15

Rim sealing

Provides sustainable as good as new look for the rims. Suited for all aluminium, steel, chromed, and polished rims. Reduces further soiling. Repellent against water, dirt and salt. Thus the rim cleaning is significantly easier. Persistent dirt such as brake dust can be removed without much effort. At the same time the sealing provides a continuous shining gloss on the rims.

Art.Nr.: 4830 - 250 ml | VE 15

Tar Remover

Reiniger mit speziellen Lösemitteln und hochwirksamen Netzmitteln für eine hervorragende Reinigung. Chemisch neutral, greift empfindliche Materialien nicht an und bietet durch langsam verdunstende Lösemittel auch temporären Korrosionsschutz. Frei von Halogenkohlenwasserstoffen (FCKW). Löst ölige und fettige Verschmutzungen, Bitumen, Teer und Wachs. Entfernt auch mühelos Winterschmutz, Harzrückstände, Salz, usw.

Art.Nr.: 4406 - 500 ml | VE 15

Rust Film remover

Rust film remover is an acid based surfactant cleaner which reliably removes rust film of solid surfaces. Dissolves the hydrated ferric oxide or copper oxide from the surface and creates a protective compound on the exposed iron surface. The product is solvent-free, anti-corrosive and highly concentrated.

Art.Nr.: 4405 - 500 ml | VE 15

Insect remover

Intensive cleaner and dirt dissolver to quickly remove insect residues, bird droppings, oil, grease, smog, gas residues, pigment dirt, exhaust gas on glass, paint, chrome and synthetic. The ideal dirt remover prior to the carwash. Gentle to paint and material. Environmentally friendly and easily separable.

Art.Nr.: 4400 - 500 ml | VE 15

Car gloss shampoo

Car gloss shampoo provides very good wash power combined with an excellent deep-gloss effect and pleasant scent. Car gloss shampoo has an intensive cleaning power at minimal consumption. Suited for the manual wash of vehicles. Protects the paint due to gentle surfactants. Car gloss shampoo is free of phosphates and PH-neutral.

Art.Nr.: 4104 - 1000 ml | VE 8

Insect sponge

X-CLEAN insect sponge is a blaze-elastic polyurethane sponge. Guarantees effortless, scratch-free cleaning of insects and persistent soiling on paint, chrome, synthetics and glass.

Art.Nr.: 0308 | VE 24

Paint cleaning Pasta Intensive

Paint cleaning Pasta intensive is a premium paint cleaner of the new generation. Silicone-free, with physical effect for all weathered and matt paint surfaces. Cleans and removes streaks and small scratches. Furthermore removes light "orange skin" and spray mist.

Art.Nr.: 4228 - 250ml | 4229 - 500 ml | VE 15

Paint Polish

Paint polish is a universal polish containing silicone, for soiled and soft withered paint. Paint polish can be used manually as well as with machines to polish off old paint or fresh repair paint. Furthermore suited to remove paint mist and abrasive streaks from partial paint. Cleans and preserves in one process.

Art.Nr. 4224 - 250 ml | 4225 - 500 ml | VE 15

Polish & Wax

Polish and wax is a high gloss finish polish for a permanent and brilliant deep gloss. Removes grey haze and polishing dust. Gives vibrant colors, as well as a permanent long-term sealing and creates an extreme water repellent effect..

Art.Nr.: 4230 - 250 ml | 4231 - 500 ml | VE 15

Ultra Wax Plus

Ultra wax plus is a **liquid hard wax** with carnauba wax without grinding agents as high end wax sealing for new and pre-polished normal and metallic paint. Gives a brilliant deep gloss and vibrant colors, as well as a permanent long-term sealing and creates an extreme water repellent effect.

Art.Nr.: 4226 - 250 ml | 4227 - 500 ml | VE 15

Speed Wax

Ideal for a fast and optical preparation of new and used vehicles. Speed wax is ideally suited for the fast cleaning of lightly soiled vehicles, or for a flash sealing after the carwash. Can also be used on wet surfaces. Cleaning and sealing in one process on all painted surfaces, synthetic, glass, chrome, aluminium, and many more. Brings an excellent gloss. .

Art.Nr.: 4216 - 500 ml | VE 15

Turbo Wax

Quick and extra simple preservation for gloss and protection. For all paint. Ideally suited to refresh already existing sealing, extends the long-term effect, brings color intensifying and water repellent effect. Gives a shining deep gloss on the paint, chrome and glass.

Art.Nr.: 4101 - 500 ml | VE 15

Two-wheeler cleaner

Quickly effective and harmless, usable even at sensitive surfaces. The new formula with paint protection cleans effectively and reduces the re-soiling.

Art.Nr.: 4430 - 500 ml | VE 15

Wash & Wax

Excellent wash-power combined with long-term sealing and pleasant scent. The Nano-layer creates a perfect gloss and a very good repellent reaction of the water. Provides a protection against environmental influences such as UV-radiation, road salt and smog. The formula with high efficiency polymers and long term effect is an effective paint protection formula, therefore soiling of insects and so on, are easier to remove. No layer formation even when used frequently.

Art.Nr.: 4102 - 500 ml | VE 15

Car polishing fleece SB

High-quality special fleece with textile character for treatment of sensitive surfaces. Applicable to clean, care and polish. The top product for the professional. Without PE / PP support, guaranteed. 100 % viscose. Lint-free, very soft, extremely absorbing. Scratch free, with super soft layer.

Art.Nr.: 0318 - | VE 12

Flash Master

Flash Master is a low in phosphates and extremely high concentrated all-purpose cleaner on the basis of biodegradable anionic and nonionic surfactants. The cleaner contains an excellent dirt- and grease-removal power. Easily cleans synthetic leather, plastics, glass, tiles, ceramic, enamel, painted areas, walls and wooden doors. Wash-active even with hard water with foam automatic. Streak-free gloss.

Art.Nr.: 4708 - 1000 ml | VE 8

Car interior cleaner

Car interior cleaner acts hygienically effective with refreshing scent. For the complete car interior. Removes quickly and gently persistent dirt from interior lining such as grease, oil and nicotine on cockpit and cushion, marks on panels and many more. Creates a fresh scent inside the vehicle.

Art.Nr.: 4705 - 500 ml | VE 15

Cockpit care antistatic

Cockpit care antistatic is a cockpit care, which creates a water resistant, silk matt glossy effect on all synthetic and rubber parts of the car interior. Protects all synthetic and rubber parts from dirt, UV radiation and thus from premature aging and greying. Cockpit antistatic lemon can be used on all non-painted synthetic and rubber parts in the interior area of the vehicle sector, such as car, truck, train and bus.

Art.Nr.: 4755 - 400 ml | VE 12

Cockpit care matt effect NEW-CAR

Cleans, cares and maintains the matt surface and structure of all synthetic parts in the car interior. Acts dust repellent, antistatic and protects from re-soiling. Also suited for wooden fittings. The matt effect in the cockpit remains, no disturbing light reflection. Silicone and solvent-free. With subtle scent reaction.

Art.Nr.: 4703 - 500 ml | VE 15

Cockpit care matt effect lemon

Cleans, cares and maintains the matt surface and structure of all synthetic parts in the car interior. Acts dust repellent, antistatic and protects from re-soiling. Also suited for wooden fittings. The matt effect in the cockpit remains, no disturbing light reflection. Silicone and solvent-free. With refreshing lemon scent.

Art.Nr.: 4701 - 500 ml | VE 15

Cockpit care matt effect vanilla

Cleans, cares and maintains the matt surface and structure of all synthetic parts in the car interior. Acts dust repellent, antistatic and protects from re-soiling. Also suited for wooden fittings. The matt effect in the cockpit remains, no disturbing light reflection. Silicone and solvent-free. With pleasant vanilla scent.

Art.Nr.: 4702 - 500 ml | VE 15

Leather care

Cleaning- and care emulsion for all smooth and artificial leather such as e.g. car interior, motorcycle-combinations, purses, furniture, and many more. Suited for all leather colors. Removes effortlessly dirt, oil grease and enhances the colors. Keeps leather smooth and anti-skidding, with UV-protection.

Art.Nr.: 4735 - 250ml | VE 15 4734 - 500 ml | VE 15

Upholstery foam

Cleans fiber-deep and removes even persistent soiling of cushion, velour, carpets and other fabrics. Enhances colors and does not leave dirt rims. Can be vacuumed without effort. Protects from re-soiling. For car and household. With odor-killer.

Art.Nr.: 4730 - 400 ml | VE 12

Odor killer – CARFRESH

Highly effective odor neutralizer, neutralizes and removes quickly, reliably and permanent bothering odors such as cigarette smoke, animal odor, sweat, and many more. Extricates fabrics such as cushions, curtains, cloths, shoes, carpets and garments from unpleasant odors. With pleasant refreshing scent. Ideally suited for cars, fabrics, household, boat, sport, and many more.

Art.Nr.: 4704 - 500 ml | VE 15

Universal cleaner & odor-blocker

Universal cleaner & odor-blocker cleans smooth surfaces such as synthetics, wood, carpet, cushion, coverings, cockpit and many more. The new active substance formula cleans effectively and dissolves persistent soiling such as oil, grease, nicotine, pigment dirt, etc. Removes streak-free and does not leave a grey bloom. Ideally suited for use in workshop and household.

Art.Nr.: 4718 - 500 ml | VE 15

AC Cleaner

X-CLEAN climate cleaner cleans and disinfects the AC, the airing system and the vaporizer quickly and simple, frees the motor vehicle AC from disturbing odor and gives a fresh scent to the car interior. Extremely fast and uncomplicated in the use.

Art.Nr.: 4774 - 150 ml | VE 24

Cleaning cloth car interior & cushion

For the complete car interior of the vehicle. In the practical, reclosable PE-dispenser box the cloths are always kept handy and protected from drying out. Cleans hygienically and brings fresh scent. Removes even persistent dirt such as oil, grease, smog, nicotine, pigment dirt in a careful way. The cloths are not greasy and can be used on almost all surfaces. Extremely hard-wearing. Durable even on rough surfaces.

Art.Nr. 4780 | VE 15

Cleaning cloth Leather care

For a quick, simple and thorough cleaning of all surfaces of smooth leather. With care substances, refreshes the color, protects and preserves the leather. The leather will be soft and smooth again. In the practical, reclosable PE-dispenser box the cloths are always kept handy and protected from drying out. Cleans hygienically and brings fresh scent. Removes even persistent dirt in a gentle way. Extremely hard-wearing.

Art.Nr. 4781 | VE 15

Cleaning Cloth glass

For windows, glass, mirrors and other smooth areas inside and outside. In the practical, reclosable PE-dispenser box the cloths are always kept handy and protected from drying out. Clean hygienically and bring fresh scent. Clean and care, stay glare-free and give a streak-free, clear view. Extremely hard-wearing. Durable even on rough surfaces.

Art.Nr. 4784 | VE 15

Cleaning cloth synthetic glossy

For cockpit, synthetic inside and outside, as well as the interior lining. In the practical, reclosable PE-dispenser box the cloths are always kept handy and protected from drying out. Cleans hygienically and brings fresh scent. Protects the synthetic parts from brittleness and provides an EASY-TO-CLEAN effect. Gives the interior a clean look. Gives a pleasant fresh scent. Extremely hard-wearing. Durable even on rough surfaces.

Art.Nr. 4782 | VE 15

Cleaning cloth synthetic matt-effect

For cockpit, synthetic inside and outside, as well as the interior lining. In the practical, reclosable PE-dispenser box the cloths are always kept handy and protected from drying out. Clean hygienically and bring fresh scent. Protect the synthetic parts from brittleness and provide an EASY-TO-CLEAN effect. Give the interior a clean look. Gives a pleasant fresh scent. Extremely hard-wearing. Durable even on rough surfaces.

Art.Nr. 4783 | VE 15

Trim protector

Tiefenpfleger pflegt und schützt alle Oberflächen aus Kunststoff, Gummi und Vinyl. Bringt seidenmatten Glanz und intensiviert die Farbtiefe. Frisch verblasste, verwitterte Kunststoffe und Gummiteile wieder auf. Tiefenpfleger bietet Langzeitschutz vor UV-Strahlen, Neuverschmutzungen, Verblassung und Verwitterung. Wirkt staub- und schmutzabweisend, sowie antistatisch. Für Armaturen, Koffer, Taschen, Fensterrahmen, Türen, Regale, Trennwände, Gartenmöbel, Sitze und Verkleidungen in Fahrzeugen, Booten, u.v.m.

Art.Nr. 4716 - 500 ml | VE 15

Balsam Detailing Cleaner

Cleans and cares all unpainted synthetic parts on the outside of the vehicle, silk-glossy. Protects from brittleness. Cleans and cares even car tires, is color enhancing, keeps the rubber elastic, creates a deep and saturated gloss. With long-term effect. UV-protection. Water repellent. Acts dust and dirt repellent. Transparent and therefore applicable for all colors.

Art.Nr. 4801 - 400 ml | VE 12

Tire foam

Spray on and dirt floats away. Cleans, shines & protects tires. One easy step. No wiping. One step to clean, shine and protect tires. Keeps tires looking like new. Also penetrates tires to protect against the elements that crack and fade sidewalls. This can will clean, shine and protect up to 40 tires and will not harm wheels or wheel covers. Contains no CFCs which deplete the ozone layer. Contains no phosphorus.

Art.Nr. 4807 - 500 ml | VE 12

Rubber fresh

Matt-care of tires, doormats, door seals, rubber mats and so on. The groomed parts receive a higher lifetime, more elasticity and color depth. Odor neutral, also suited for use in the interior. Silicone free. Quick preservation for used vehicle preparation. Protects from ozone and UV. Harmless to chrome, glass, rubber and paint. Also applicable on wet tires.

Art.Nr. 4804 - 500 ml | VE 15

Tire-gloss

X-CLEAN tire gloss cares gently and gives a long term deep-gloss. At regular usage it protects from crack formation, premature aging, brown coloring and color fading. Very easy in use: spray on evenly, let it expose, ready. Suited for all types of tires.

Art.Nr. 4803 - 500 ml | VE 15

Glass-clear active foam

Intensive foam for vehicle windows, glass, headlights and mirror areas, with a fruity-trendy scent. Glare-free. Functions streak-free, at the exterior effective against insects, oil, silicone, smog, pigment dirt and exhaust gas residues, in the interior all persistent soiling, nicotine residues and lubricating films are removed quickly. Furthermore ideally suited to clean glass, windows and mirrors in households.

Art.Nr. 4601 - 400 ml | VE 12

Glass Polish

Glass polish is a silicone free special polish for the elementary cleaning of heavy soiled windows. Dissolves, amongst others, insect residues, industrial dust, rust film, oil, smog, grease, adhesive residues, and many more.

Art.Nr. 4671 - 250 ml VE 15 | 4670 - 500 ml | VE 15

Glass cleaner

Concentrated glass, window and mirror cleaner for car, household and industry. Removes without effort dirt, oil, grease, wax, silicone, nicotine deposits and pigment dirt. Suited also to clean ceramic, synthetics, tiles and painted surfaces. Window cleaner works streak-free and leaves behind an excellent gloss.

Art.Nr. 4600 - 500 ml | VE 15

Rain deflector

The ideal rain deflector for car windows and helmet visor. With X-CLEAN rain deflector the raindrops pearl off very quickly due to the airstream. Provides a better view and more safety. Eases the removal of insects, ice and snow.

Art.Nr. 4603 - 250 ml | VE 15

Clear-sight summer concentrate

Highly concentrated 1:100 safety intensive-cleaner for window- and headlight washing unit, in a practical dosage bottle. Provides within seconds clear view without streaks. Glare-free. Removes insects, oil and pigment dirt. Paint, rubber and synthetic compatible. Does not create stress cracks and blind spots on sensitive plastic headlight lenses. Suitable for flat jet nozzle. With fresh scent.

Alternative in 250 ml 1:10 concentration for 3 L.

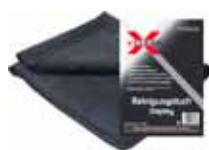

Art.Nr. 4624 - 250 ml Dosierer VE 20 | 250 ml VE 15

Clear-sight summer ready-to-use

Ready-to-use intensive cleaner for window- and headlight washing unit. Provides within seconds clear view without streaks. Glare-free. Removes insects, oil and pigment dirt. Paint, rubber and synthetic compatible. Does not create stress cracks and blind spots on sensitive plastic headlight lenses. Suitable for flat jet nozzle. With fresh scent.

Art.Nr. 4629 - 3 L | VE 4

Cleaning cloth display

For a fast and uncomplicated care of highly sensitive surfaces. Removes grease residues, fingerprints, streaks, cosmetics and other soiling. Wipe off - ready. Extra soft. Antistatic. Permanent, lint-free, with special dust adhesion. Suitable for navigation displays, LCD/ LED / TFT/ Plasma / TV screens, smartphones, tablets.

Art.Nr.: 0344 | VE 12

Multi Active Foam

Multi Active Foam creates a steady cleaning foam, cleans and cares into the pores in one working process. For glass, metal and synthetic surfaces. Residue-free removal of oil, grease, soot, nicotine, smog, silicone and pigment dirt on synthetics, painted surfaces and glass. Limescale deposits on fittings and tiles are removed residue-free.

Art.Nr. 4920 - 400 ml | VE 12

Glass cleaning cloth

Glass polish is a silicone free special polish for the elementary cleaning of heavy soiled windows. Dissolves, amongst others, insect residues, industrial dust, rust film, oil, smog, grease, adhesive residues, and many more.

Art.Nr. 4605 | VE 500

Multipurpose sponge

Double sided usable. With the one side it removes without effort carcass residues of windows and car body parts, with the other side it is a universal useable sponge. Scratch free and with long durability. Absorbing and durable. Environmentally compatible. CFC free.

Art.Nr. 0320 | VE 24

Quality dry cloth XL

Quality car cloth of the premium class. Extra big, 54 x 44 cm. Dries paint, synthetic, glass and many more. Permanent, lint-free gloss drying. Smoothly soft. Enormous water absorption. With special micro perforation, streak free. Extremely absorbent, paint preserving. Scratch free. Cleans intensively and is tear-resistant. For professionals and do-it-yourselfers.

Art.Nr.: 0315 | VE 12

Quality dry cloth MEDIUM

Quality car cloth extra big, 44 x 40 cm. Dries paint, synthetic, glass and many more. Permanent, lint-free gloss drying. Smoothly soft. Good water absorption. With special micro perforation, streak free. Very absorbent, paint preserving. Scratch free. Cleans intensively and is tear-resistant. For professionals and do-it-yourselfers.

Art.Nr.: 0316 | VE 12

Water magnet MF drying cloth

Extra soft microfiber drying cloth. Dries paint, synthetic, glass and many more. Permanent, lint-free gloss drying. Voluminous water absorption. Cleans intensively. Streak-free. Extremely absorbent, paint preserving. Scratch free. Cleans intensively and is tear-resistant. For professionals and do-it-yourselfers.

Art.Nr.: 0343 | VE 12

Ultra active microfiber cloth

Robust microfiber cloth in professional quality. 60 x 35 cm in size. Ideally to clean all smooth surfaces streak-free. Usable damp and dry. Thorough cleanliness even in finest pores. Without residues. Washable up to 60 °C. Lint-free, high durability.

Art.Nr.: 0329 | VE 10

Microfiber cloth professional

Robust microfiber cloth in professional quality. 40 x 40 cm in size. Ideally to clean all smooth surfaces streak-free. Usable damp and dry. Thorough cleanliness even in finest pores. Without residues. Washable up to 60 °C. Lint-free, high durability.

Art.Nr.: 0327 | VE 5

Microfiber cloth super soft

Delicate microfiber cloth in professional quality. 60 x 35 cm in size. Ideally to clean all smooth surfaces streak-free. Usable damp and dry. Thorough cleanliness even in finest pores. Without residues. Washable up to 60 °C. Lint-free, high durability.

Art.Nr.: 0346 | VE 5

Microfiber laser polishing cloth

Excellent polishing cloth with 2 different sides. Silicone-free. With ultrasound edge and therefore does not have bothering edges. The washing instruction label is glued. Extra fleecy professional quality with high endurance. High pile and reliable absorption of polishing agents, waxes and sealing. This professional cloth is 100% scratch free when used correctly, does not create streaks, micro scratches or holograms. Washable up to 60 °C.

Art.Nr.: 4349 | VE 5

Wiping cloths

For cleaning of windows, interior cleaning and other wiping actions. Super soft, permanent, lint-free. 4 layers. Optimal absorbent, versatile in use. Due to microcell fibers the cleaning effect is particularly outstanding.

Art.Nr.: 0323 | VE 12

Cockpit care cloth

For a quick and uncomplicated care. Wipe off – and ready. For fittings made of synthetics or wood. With special impregnation, extra soft. Antistatic. Permanent, lint-free, with special dust adhesion. Protects from further soiling.

Art.Nr.: 0340 | VE 24

Wash sponge

Durable quality car sponge. Permanent, handy and gloss drying. Resistant against weak acids and lye. Gentle to sensitive paint due to highest possible water absorption and scratch free soft pores. Environmentally compatible. CFC free.

Art.Nr.: 0310 | VE 10

Engine and cold cleaner

Concentrated quick cleaner. Removes fast and reliable all oil, grease and pigment dirt on engines, machines, aggregates and tools. Very good creeping ability and therefore reaches areas that are difficult to access. With vaporizing inhibitors.

Art.Nr.: 4402 - 500 ml | VE 15

Superoil XC 40

Multifunctional spray. Contact spray, rust remover, lubricant, glide agent, cleaner. Dissolves parts which are rusted or stuck and protects of corrosion. Makes locks, locking cylinders, rolls, feathers and ducts smooth. Eliminates squeak and creak sounds. Protects, lubricates and preserves sensitive engine parts. Applicable for the care of precision-mechanic devices. Ideally suited as contact spray for ignition systems, displaces humidity, keeps electronic contacts clean and prevents from leakage currents.

Art.Nr.: 4902 - 400 ml | VE 12

Spray-on grease Ultra

Spray-on grease ultra is a concentrated adhesive lubricant and chain spray. Powerful long-term adhesive lubricant for all parts that are exposed to high pressure, pushes and vibrations. Leaves an absolute bonded layer of highly viscous grease with excellent attenuation properties. Splash and saltwater resistant. Temperature resistant from - 40 °C to + 220°C.

Art.Nr.: 4905 - 400 ml | VE 12

Silicone Spray

Silicone spray transparent. Lubricant, gliding and separating agent. Lubricates, cares and preserves metal, rubber, wood and synthetic. Eliminates squeak and creak sounds. The silicone layer flashes off quickly. Silicone spray is water-repellent and especially protects rubber parts from brittleness and adhesion. Free of mineral and grease. Temperature resistant from - 40 °C to + 220°C. With spray pipe for a precise spraying.

Art.Nr.: 4908 - 400 ml | VE 12

Motor jump-start

Motor jump-start for diesel, two-stroke and four-stroke engines. Spares the engine and battery and prevents carburetor icing. For passenger cars, trucks, lawn mower, boats, agricultural machines and other engine operated devices.

Art.Nr.: 4901 - 400 ml | VE 12

Marten Stop

Marten stop effectively and persistently protects the engine compartment against marten bites on e.g. rubber hoses, V-belts and electrical cables. A highly effective combination of specific odorless substances keep the animals away from the vehicle.

Art.Nr.: 4427 - 500 ml | VE 15

Industrial Cleaner F99

Very rich, alkaline, high foaming cleaner on the basis of non-ionic surfactants, which reliably removes oil, animal and vegetable fat, insects, environmental dirt, protein, aged wax and resin incrustations as well as carbonized residues, copolymer waxes and micro dust. The used surfactants are all biodegradable and without environmental impact in waste water. Ideally suited for a material friendly dissolving of strong grease- and oil soiling on tarpaulins and trailers.

Art.Nr.: 4135 - 1000 ml | VE 8

Industrial Cleaner F99 FORTE

Highly concentrated, strong alkaline cleaner on the basis of non-ionic surfactants, which reliably removes oil, animal and vegetable fat, insects, environmental dirt, protein, aged wax and resin incrustations as well as carbonized residues, copolymer waxes and micro dust. The used surfactants are all biodegradable and without environmental impact in waste water. Ideally suited for a material friendly dissolving of strong grease- and oil soiling on tarpaulins and trailers

Art.Nr.: 4125 - 1000 ml | VE 8

Cooler-sealed

Cooler sealed with integrated corrosion protection additives. Liquid sealing product to seal small leakage in the cooling and heating cycle of vehicles. Prevents a permanent loss of cooling water and protects cocks and thermostats. Seals small leaks which are difficult to locate, e.g. rusting through, hairline crack, and the like.

Art.Nr.: 4904 - 250 ml | VE 24

Orange oil cleaner

Can be used concentrated and diluted. Removes stains from clothes, carpet floors and cushions. Even chewing gum and paint stains, resinified grease, rubber abrasion on floors, ink and pen stains, paint and oil colors, adhesive residues, nail polish, engine oil and grease, wax- and sealing residues. To clean and degrease tools and machines. Ideally suited to dissolve labels. Eliminates bad odor. With fresh orange scent.

Art.Nr. 4719 - 250 ml VE 15 | 4729 - 500 ml | VE 15

Anti-freeze Clear View – 30°C

Reliable frost protection, at the same time provides a cleaning effect for the windscreen washer, without methanol. Prevents re-freezing, provides clear view, glare-free. Suited for synthetic diffusing lens and flat jet nozzle.

Ready-to-use mixture.

Art.Nr.: 4560 - 3 L | VE 4

Anti-freeze Clear view – 60°C

Reliable frost protection, at the same time provides a cleaning effect for the windscreen washer, without methanol. Prevents re-freezing, provides clear view, glare-free. Suited for synthetic diffusing lens and flat jet nozzle.

Mixing table:

1 part concentrate + 1 part water = -21°C
1 part concentrate + 2 parts water = -10°C

Art.Nr.: 4561 - 1000 ml VE 8 | 4565 - 3 L VE 4

Anti-freeze Clear view – 60°C

Reliable frost protection, at the same time provides a cleaning effect for the windscreen washer, without methanol. Prevents re-freezing, provides clear view, glare-free. Suited for synthetic diffusing lens and flat jet nozzle. Mixing table:

1 part concentrate + 1 part water = -21°C

1 part concentrate + 2 parts water = -10°C

Art.Nr.: 4563 - 25 L | 4564 - 200 L

Anti-freeze Clear view concentrate

Reliable frost protection, at the same time provides a cleaning effect for the windscreen washer, without methanol. Prevents re-freezing, provides clear view, glare-free. Suited for synthetic diffusing lens and flat jet nozzle.

Mixing table:

1 part concentrate + 1 part water = -18°C

Art.Nr.: 4567 - 25 L | 4568 - 200 L

Rubber care pen

Cleans and cares all rubber parts and especially car door sealing and keeps them elastic. Extends the life-time of the rubber and enhances the colors. Prevents door seals from icing in the wintertime. With a practical sponge applicator.

Art.Nr. 4570 - 100 ml | VE 25

Window defroster

Frozen windows will defrost within seconds. Prevents from re-freezing and provides clear view. Makes ice scrapers redundant and therefore prevents scratched windows. With protection formula, keeps rubber smooth.

Art.Nr.: 4540 - 500 ml | VE 15

Anti-fogging cloth

Reliably protects inside windows from fogging up and provides clear view all around. With long-term effect. Extra soft, permanent quality.

Art.Nr. 0512 | VE 12
